Widestrike®3 / Roundup Ready Flex / Enlist™ (W3FE)

2. Purchase one or more eligible crop protection products.

Minimum Terms and Conditions for Rebate:

1. The rebate for an eligible grower or farm entity shall be calculated by:

Multiplying the net PhytoGen® cottonseed units* purchased by the acre conversion rate chart to determine the grower's eligible cotton acres in the program.

*Net units shall equal PhytoGen® cottonseed bags purchased minus returns, replants, and/or promotional units.

Match the grower's eligible crop protection products purchased against the grower's eligible PhytoGen® cottonseed acres and the corresponding rebate earnings per acre.

2. Earnings under this program must reach or exceed **\$250** to qualify for a payment.

3. Eligible crop protection products will only be considered for rebate calculations if reported via electronic data exchange (EDI) or grower point of sale (GPOS) via Data Dimensions from crop protection manufacturers' authorized dealers and invoiced between September 1, 2017 and August 31, 2018. PhytoGen reserves the right to refuse rebate payments on products that are not purchased directly from authorized dealers or retailers.

4. Retailers must report EDI/POS by August 31, 2018 to be considered in this program.

5. Rebate payment will only be made on final net units that are used on the grower's owned or rented acres.

6. Rebate payment will be in the form of a check from PhytoGen Seed Company LLC payable jointly to the qualified grower and the retailer from whom qualified grower purchased all (or the largest share) of its PhytoGen® cottonseed. Notwithstanding anything to the contrary, rebate payment will only be made to the purchasing party and retailer named on the invoice. Dow AgroSciences will not be responsible for resolving any disputes between qualified growers and their retailers with respect to such rebate checks.

7. PhytoGen reserves the right to not make rebate payments under this program if qualified grower receives payment for eligible crop protection product purchases under another program.

8. PhytoGen reserve the right to modify or terminate the program at any time without notice to program participants.

9. Participation by growers in the program is voluntary and is not required in order to purchase any products participating in this program.
