

# SUCCESS in ACTION

The TEQUATIC™ PLUS Fine Particle Filter

## REDUCE YOUR COST OF OWNERSHIP

- Filtration <10µm to >1,000µm
- Handles TSS up to and >10,000 mg/L
- >99% water recovery
- Higher throughput & uptime
- Low maintenance
- Low consumables
- No to low fouling
- No to low chemicals
- Easy to integrate

## GET PROVEN PERFORMANCE

Cuts turbidity up to  
**70%**  
and at half the cost of  
Dissolved Air Flotation.

Bear Valley Water District  
Secondary Wastewater

Cuts bag filter changes by  
**80%**  
and helps avoid additional  
capital expenses.

Meat Processing Plant  
Industrial Wastewater

Outperforms other  
technologies while  
retaining  
**99.5%**  
water recovery.

Oil & Gas Exploration Co.  
Produced Water

Compact design  
reduces footprint by  
**50%**  
while helping meet  
discharge regulations.

Iraqi Hospitals  
Wastewater Treatment

Cost-Effective  
Innovative  
Powerful  
Sustainable

Delivers stable filtrate to  
ultrafiltration with  
**Zero**  
fouling and backwash.

Sewer Authority  
Wastewater Treatment
